# WELCOME

**At MMC, we understand that managing a charity or social enterprise can feel like a juggling act.** Like any other business, you need to keep track of finances, manage people, ensure good governance, and make sure your clients receive the services they need.

To help you identify your strengths and pinpoint areas for improvement, we have developed an easy-to-use, quick assessment tool. We recommend working with your senior team to complete the self-assessment using the table below.

**Score 5** for meeting the criteria fully and **score 1** for where you need to do more.

Space is provided to jot down your thoughts and set goals.

We have also included a space for future reassessment to track your progress. We hope you find this tool useful and enlightening.

# TESTIMONIALS

## THE THINGS THEY SAY

Below are some comments from charities, CIC's and social enterprises who we have worked with...

### ESCAPELINE

“MMC have been supporting Escapeline with our grants and bid writing over the last six months. They have been amazing, providing such an outstanding service with a high level of professionalism and responsive approach. We look forward to continuing to work with MMC and would definitely recommend their services.”

Lisa, CEO, Escapeline.

### AGE UK DEVON

““We chose MMC because of their skills, knowledge, experience and business approach. As part of the onboarding, they took the time to really understand and get to know our organisation through a mixture of contact (face-to-face and virtual) which undoubtedly has helped them to feel and act as an integral part of the team. They have a flexible and personal approach but have demonstrated the ability to act swiftly as and when an unexpected opportunity arises.” Sophie, CEO.

### THE NEST PROJECT CIC

“MMC were brilliant at helping us to work out what information and data we wanted to gather and report on, and as a new and growing project, this really helped us start the journey of having a very useful impact and development report”.

Vix - CEO
